1.2 Matters arising

KL has booked the room at the Fleece for the March meeting.

2.0 Meeting with Joy Stodart

KL reported on the meeting with Joy Stodart of Suffolk County Council regarding the possibility of using part of the old Middle School site as a community hub for various intergenerational and educational purposes. The meeting went well and there is clear interest in and support for our proposals. A site visit has been arranged for 11th March at 2.00.

3.0 Planning application for 150 houses on part of WLP5.2

KL reported that the decision on the 150 homes had been deferred, so that further consultation with the developers and landowners could take place in order to improve the layout and other details. It is hoped that residents of Bungay will have an input in the discussions.

4.0 The consultations on 08.02 and 15.02

KL reported that both consultation events went well and those who we engaged with were interested in our arguments. There were 94 responses so far, 52% in favour of the additional allocation and 48% against. Any paper copies would be collected by 29th February.
